RISK ASSESSMENT

What are the hazards?	Generic Control Measures	✓ X	Person to implement	Additional Control Measures needed to reduce risk to an acceptable level	Person to implement	Date to be actioned
Unsupervised use	When not in use, tools are kept locked away in an appropriate storage area.	✓	Teachers			
	All staff/contractors working in schools/centres are given clear instructions not to leave tools unattended. Staff and contractors sign to confirm they have received and will comply with these instructions.	✓				
	In primary/nursery schools, use of toolboards or open display is not allowed. Access to tools is restricted and tools are only brought out for use in closely supervised activities.	✓				
	Access to tools in design and technology is restricted to supervised activities only.	✓				
Use of inappropriate/damaged tools	Correct tools are always used to carry out a specific task.	✓	Teachers	Safety checks needs to be part of an annual audit of equipment		
	Staff are aware they must use correct tool for the job and not improvise.	✓				
	Condition of tools checked by user before use (or by teacher/staff member if to be used by children).	✓				
	There is a regime for checking hand tools regularly and these checks are recorded.	✓	D&T Subject Leader			
	A designated person is responsible for carrying out these checks who is competent to do so.	✓				
	Tools found to be faulty are labelled and removed from use until repaired or if appropriate disposed of.	✓				
Pupils hurting other person(s) or themselves with tools	Tools are only used by those who are old enough and competent enough to use them and are appropriate to the age of users (e.g. blunt end scissors for foundation key stage 1 and key stage 2 children).	✓	Teachers			
	Safe use of tools is explained by member of staff to pupils/young people before each lesson/use.	✓				
	Plastic (toy) tools rather than actual tools are used with Foundation and key stage 1 age children.	✓				

What are the hazards?	Generic Control Measures	✓ X	Person to implement	Additional Control Measures needed to reduce risk to an acceptable level	Person to implement	Date to be actioned
Pupils hurting other person(s) or themselves with tools Cont.	Appropriate supervision levels are set for the age of the children using the tools.	✓	Teachers	➤		
Electrocution (electric hand tools)	Only tools which have been PAT tested where appropriate and are in date are used.	N/A		➤		
	Tools are visually inspected before use.	N/A				
	Any tool found to be faulty is labelled, disabled and removed from service in line with the procedure for faulty electrical equipment.	N/A				
	All electrical hand tools are used in conjunction with an RCD.	N/A
